### **DETAILED ACTION**

1. Receipt of the papers filed on November 6, 2006, is acknowledged. Claims 2, 4-7, 10-12, 14 and 16 have been canceled. Claims 1, 3, 8, 9, 13, 15 and newly presented claim 17 are pending. In view of the amendment of independent claim 1, claims 1, 3, 8, 9, 13 and 15 are allowable over the prior art of record.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### ***Claim Rejections - 35 USC § 112***

3. Claim 17 is rejected under 35 U.S.C. 112, first paragraph, as based on a disclosure which is not enabling. The method without the steps of forming a hole unit in the dielectric layer and filling the hole unit with a metal structure, which appear critical or essential to the practice of the invention but not included in the claim(s) is not enabled by the disclosure. See *In re Mayhew*, 527 F.2d 1229, 188 USPQ 356 (CCPA 1976).
4. Newly presented independent claim 17 is similar in scope to originally presented independent claim 1. Applicant's Remarks with respect to claim 17 have been carefully considered but are not deemed to be persuasive. Applicant is correct in noting that the abstract and second paragraph of the summary of the invention portion of the application do not mention the formation of a hole. Nevertheless, the operative steps disclosed in the specification to obtain the microstructure recited in the claims, include a step of forming a hole unit in the dielectric

layer and filling the hole with a metal structure. As such, these steps are considered to be essential to the practice of the invention.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
